Dear Dr. LaBuz:

Congratulations! On behalf of the American Board of Internal Medicine (ABIM), I am pleased to inform you that you have passed your Spring 2025 Internal Medicine Maintenance of Certification (MOC) Examination.

Your accomplishment demonstrates to your patients and peers that you have the [knowledge, skills and attitude essential for excellent patient care](#). There is a [large and growing body of evidence](#) that, collectively, patients whose doctors demonstrate more medical knowledge through continuing certification, as you have now done, have a better prognosis on a host of outcomes. We hope you'll take great pride in this accomplishment!

The following Score Report provides you with details about your exam performance. View your [ABIM Physician Portal home page](#) to see what other requirements you may need to meet to maintain your certification.

If you have questions, please call 1-800-441-ABIM (2246), Mon. - Fri., 8:30 a.m. to 6 p.m. ET, or [send us an email](#).

I wish you continued success throughout your career, and we look forward to working with you as you continue to demonstrate you are staying current for the benefit of your patients and the profession.

Sincerely,

Furman S. McDonald, MD, MPH  
President and CEO  
Professor of Medicine

## Report for **RYAN LABUZ**

ABIM ID:

**Internal Medicine**  
*Administration Date: Spring 2025*

**PASS**

Your Score:  
**608**

## INTERPRETATION OF OVERALL PERFORMANCE

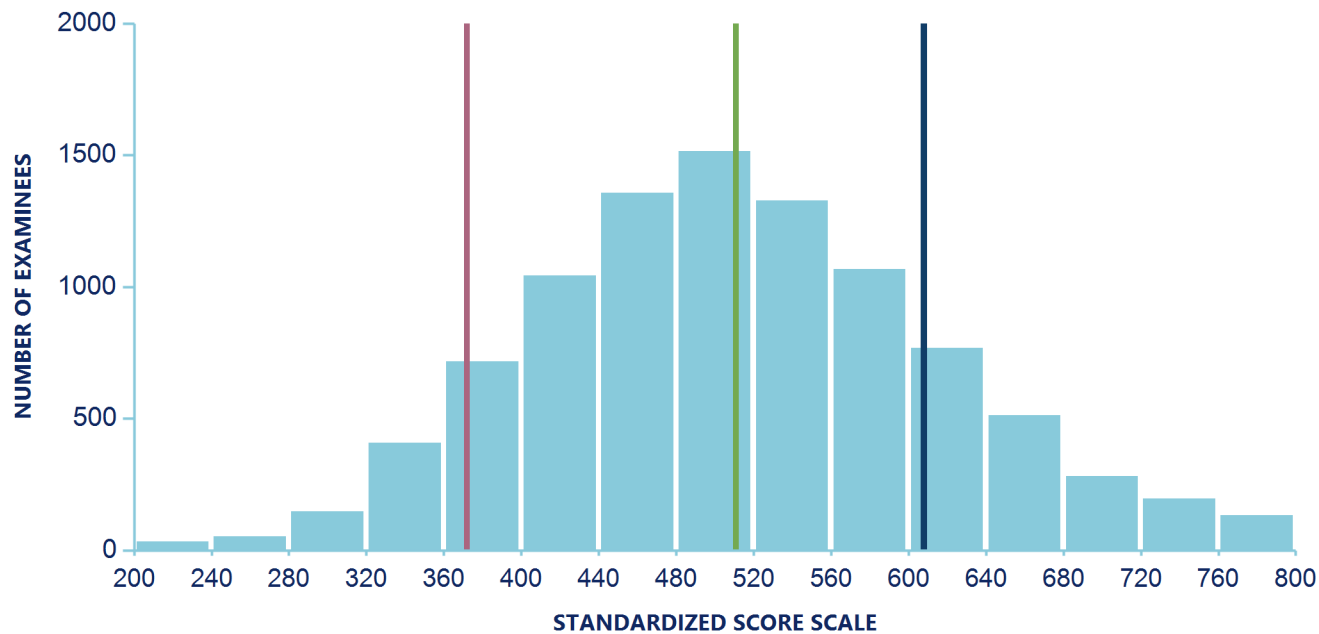

The American Board of Internal Medicine Internal Medicine Maintenance of Certification Examination is a standardized test that ensures all examinees experience the same level of difficulty to successfully complete the exam. Overall performance is reported on a standardized scale ranging from 200 to 800 points. Your performance on the entire exam determines the exam pass-fail decision. To pass the exam, your standardized score must equal or exceed the **standardized passing score** of 372. The links below provide more information related to understanding your overall performance.

### More Information

- [Passing Scores](#)
- [Standard Error of Measurement](#)
- [Content Area Subscores](#)
- [Reference Group Information](#)
- [Test Standardization](#)
- [Exam Blueprint](#)
- [Standardized Score Scale](#)

# YOUR OVERALL PERFORMANCE

The graph below shows your performance relative to both the standardized passing score and to a reference group of first-time taker examinees who took this exam in recent years. Because the reference group includes data from multiple administrations, you cannot accurately infer specific overall pass rates for this administration of this exam from this report. More information on specific annual [exam pass rates](#) is available on [abim.org](#).

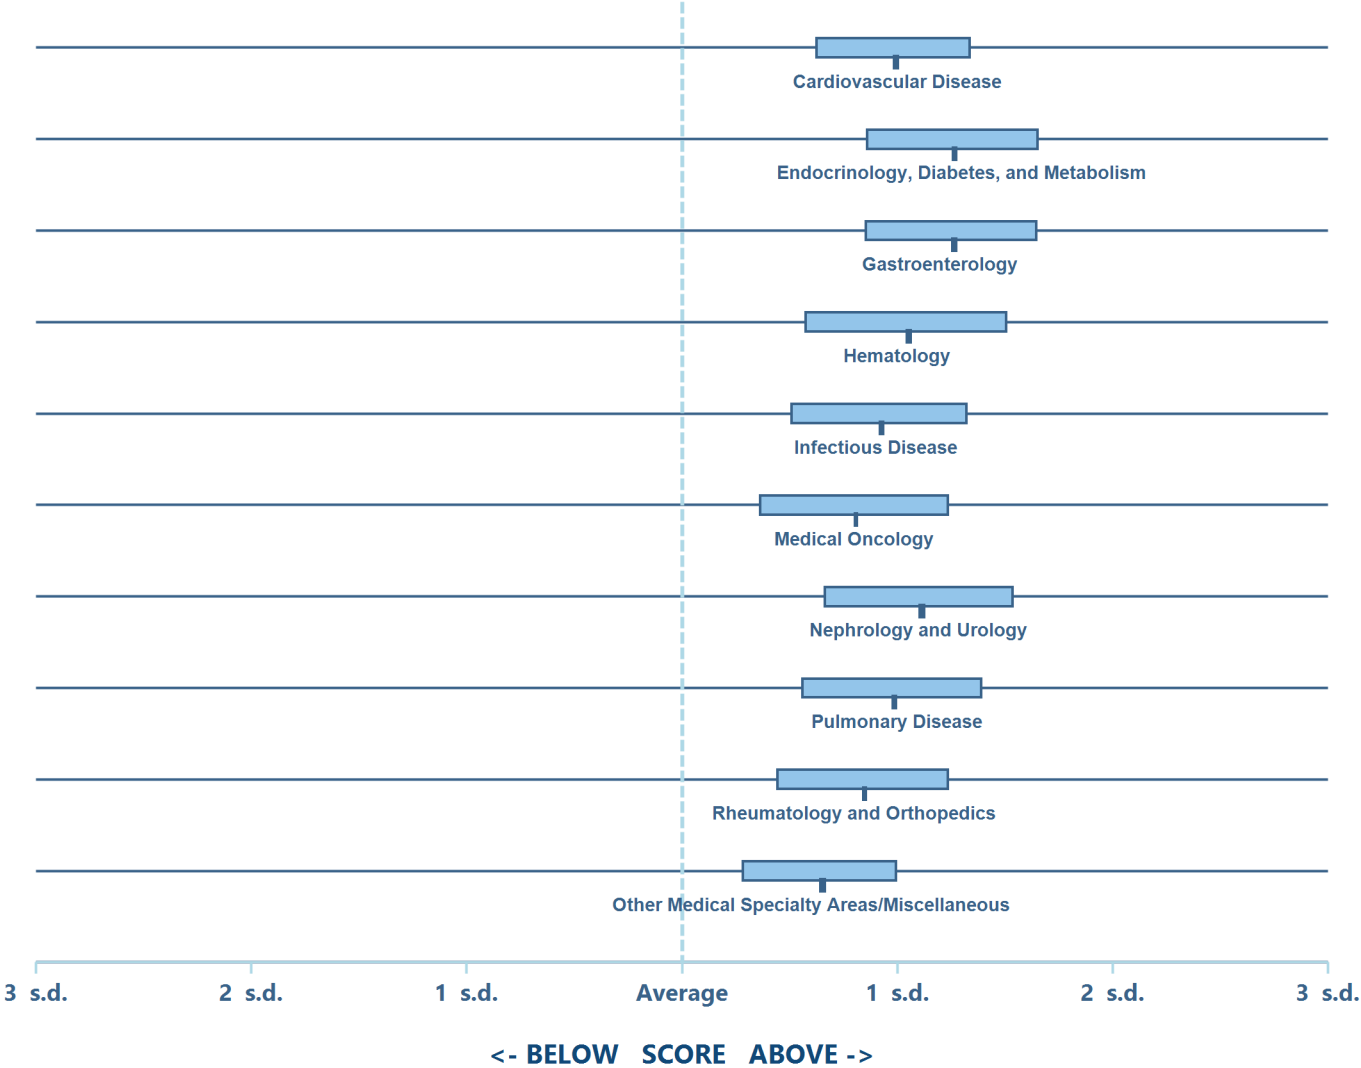

*Your Score* | **608**

*Passing Score* | **372**

*Reference Group Mean Score* | **511**

# YOUR PERFORMANCE BY MEDICAL CONTENT AREAS

The table below is an overview of your relative strengths and weaknesses in the medical content areas as assessed by your performance on the exam. Your standardized score in each medical content area is reported in standard deviation units above and below the reference group average (vertical dotted line). Due to the limited number of questions in each content area, content area subscores are less precise than the overall score. Narrower boxes indicate a greater level of precision in calculating your score. Because the overall score and the content area subscores are on different scales, they cannot be directly compared. Also provided on the following pages is a detailed listing of exam content, showing the blueprint content description and cognitive task that you missed in each area.

## Cardiovascular Disease

BLUEPRINT DESCRIPTION	TASK
Pericardial disease Pericarditis	Diagnosis
Pericardial disease Pericardial effusion	Diagnosis
Lipid disorders	Treatment/Care Decisions

## Endocrinology, Diabetes, and Metabolism

BLUEPRINT DESCRIPTION	TASK
Diabetes mellitus Complications of diabetes mellitus	Treatment/Care Decisions
Posterior pituitary and water homeostasis Hyponatremia Hypovolemic	Diagnosis

## Infectious Disease

BLUEPRINT DESCRIPTION	TASK
Eye infections Conjunctivitis	Treatment/Care Decisions
Specific causative organisms Mycoses (fungal infections)	Diagnosis

## Medical Oncology

BLUEPRINT DESCRIPTION	TASK
Lung cancer (clinical presentation and diagnosis)	Diagnosis
Urologic cancer Bladder carcinoma	Diagnosis

## Pulmonary Disease

BLUEPRINT DESCRIPTION	TASK
Occupational and environmental lung disease Inorganic inhalations (pneumoconiosis)	Diagnosis
Sleep medicine Insomnia [2 questions]	Treatment/Care Decisions

## Rheumatology and Orthopedics

BLUEPRINT DESCRIPTION	TASK
Vasculitis Leukocytoclastic vasculitis	Diagnosis
Osteoarthritis	Testing

## Other Medical Specialty Areas/Miscellaneous

BLUEPRINT DESCRIPTION	TASK
Allergy and Immunology Urticaria and angioedema Drug-induced urticaria and angioedema	Diagnosis
Allergy and Immunology Urticaria and angioedema Contrast-related allergy	Testing
Miscellaneous Primarily epidemiology	Risk Assessment/Prognosis/Epidemiology
Miscellaneous Primarily safety and quality improvement	Diagnosis
Neurology Cerebrovascular disease (without specific diagnosis) Stroke	Testing
Neurology Peripheral neuropathy Acute inflammatory demyelinating polyneuropathy (Guillain-Barre syndrome)	Diagnosis
Psychiatry Sleep disorders Insomnia	Treatment/Care Decisions

Other Medical Specialty Areas/Miscellaneous

BLUEPRINT DESCRIPTION	TASK
Geriatric Syndromes Ophthalmology in the elderly Age-related macular degeneration	Treatment/Care Decisions
Geriatric Syndromes Common foot problems in the elderly	Diagnosis

## RESCORE INFORMATION

---

ABIM's scoring process is a meticulous one and includes a rigorous set of quality control steps to verify the accuracy of results for every examinee. We have taken all the appropriate steps to verify the accuracy of your results. It is very unlikely that an error occurred in retrieving your answers from the computer or scoring your exam. However, you may request a rescore for a fee of \$250. Bear in mind that given the quality controls in the scoring process, a rescore is unlikely to change the outcome of your exam results. [See additional information on how exams are scored, including the rescoring process.](#)
